

RED DEER FIELD SERVICE TECHNICIAN

Collicutt Energy Services is a solutions-driven engine company specializing in manufacturing, repair, overhaul, and maintenance across all engine brands. We're known for doing things right, supporting our people, and delivering reliable solutions to our customers.

We are currently seeking a **Field Service Technician** to provide services to our Red Deer area clients. This is a hands-on, field-based role where you'll work on engines, generators, and related equipment, handling everything from troubleshooting and repairs to commissioning and maintenance. If you like autonomy, variety, and being out in the field — this is that role.

What's in it for you

- Competitive wages + overtime opportunities
- Company service truck (field-based role)
- Full benefits package
- RRSP matching
- Year-round, stable work
- Variety — no two days are the same
- Strong team support + training opportunities

What you'll be doing

- Perform preventative maintenance, diagnostics, and repairs on diesel and natural gas engines and generators
- Complete startups, commissioning, calibrations, and load bank testing
- Troubleshoot mechanical, electrical, and control systems
- Perform overhauls and repairs on engines, compressors, and auxiliary equipment
- Deliver strong customer service in the field and build relationships
- Complete service reports, timesheets, and required documentation accurately
- Maintain service truck, tools, and equipment
- Participate in on-call rotation and support after-hours service

What you bring

- Journeyman certification (HET, Millwright, Automotive, Electrician, or equivalent)
- Minimum 3+ years of field service experience in power generation, gas compression, or similar
- Strong troubleshooting skills across mechanical, electrical, and control systems
- Ability to read and interpret schematics and technical drawings
- Experience with generators, engines, and related systems
- Self-starter who can work independently in the field
- Strong communication and customer service skills
- Valid driver's license with clean abstract
- Willingness to participate in on-call rotation and travel as required

How to Apply
