

WINNIPEG FIELD SERVICE TECHNICIAN

Collicutt Energy Services is a solutions-oriented, engine company. We specialize in custom manufacturing, repair, overhaul, and maintenance for all engine brands across diverse industries, consistently raising the standards for customer satisfaction. Our company culture emphasizes safety, respect and continuous learning, fostering an environment where employees can thrive professionally and personally. As a growing, privately-owned organization, we offer exciting opportunities for career advancement and the chance to contribute to cutting-edge energy solutions. Join Collicutt and be part of a collaborative team that values community involvement and shared success in the ever-evolving energy sector

We are currently seeking an experienced **Field Service Technician** who can hit the ground running on standby generators and engine systems. Candidates must meet the required certifications and field experience, to be considered for this role.

Reporting to the Service Manager, in this role you will:

- Respond to emergency field service calls for standby generator systems
- Perform preventative maintenance, diagnostic services, and repairs on natural gas diesel engines
- Troubleshoot AC/DC electrical systems and control panels
- Complete startups, commissioning, calibration, and load bank testing
- Accurately complete service reports, timesheets, and warranty documentation
- Represent Collicutt on-site with professionalism and strong customer communication.

Qualifications and Skills

Required (MUST HAVE)

- Journeyperson Industrial Electrician Ticket **OR** Generator Technician License (M-D License).

AND

- 5+ years of hand-on field service experience in the power generation industry.
- Proven experience working independently from a field service truck.
- Strong background servicing emergency standby generator systems.
- Solid working knowledge of AC and DC electrical systems
- Ability to read and interpret electrical schematics, drawings, and service manuals.
- Willing and able to meet ongoing safety and technical training requirements.

**** Applicants without the required ticket /license will not be considered ****

Preferred

- Experience with generator/ engine systems.
- Familiarity with industrial automation or control systems.

Working Conditions

- Field-based role - work performed at customer sites and job locations.
- Includes outdoor work in varying weather conditions

As a team member at Collicutt Energy Services, you can enjoy:

- Competitive Wages
- Comprehensive Group Benefits
- RRSP Matching
- Referral Bonuses
- Course Reimbursement

If this sounds like you, we want to hear from you!
