

JOURNEYPERSON HEAVY EQUIPMENT TECHNICIAN – SERVICE TECHNICIAN

15/13, 15/6, 8/6 & Monday–Friday (5/2) Schedules Available

10-Hour Shifts | Overtime After 8 Hours | Shop & Field Service | Local & Rotational Opportunities

About Us

Collicutt Energy Services is a solutions-driven engine company specializing in repair, overhaul, maintenance, and manufacturing of high-horsepower engine systems. We're proud to support customers across Western Canada with quality workmanship, technical expertise, and a commitment to doing the job right.

We're growing our Grande Prairie Service team and are looking for experienced **Journeyman Heavy Equipment Technicians** who enjoy challenging work, solving complex mechanical problems, and working on some of the largest horsepower frac equipment in Western Canada. Whether you're local to Grande Prairie or looking for a rotational opportunity, we offer steady year-round work, competitive compensation, and flexible scheduling.

What's in it for you?

- 10-hour shifts
- Overtime paid after 8 hours each weekday and all weekend hours
- Tool Allowance
- CVIP Premium
- Ongoing training and career development
- Steady, year-round employment

Local Employees

- Choice of **15/13, 15/6, 8/6 or Monday–Friday (5/2)** schedules
- Daily Work Premium
- Northern Living Allowance (eligible local hires)

Rotational Employees

- Choice of 15/13 or 15/6 schedules
- Company-provided accommodations
- Travel allowance
- Daily meal allowance

What You'll Be Working On

- CAT 3512 engines
- Cummins QSK50 engines
- Detroit Series 60 & MTU engines
- TH48 & TH55 transmissions
- Frac pumps, Hydraulic systems, High-horsepower engine packages

What You'll Do

- Diagnose, troubleshoot, repair, and maintain frac equipment and related systems
- Complete preventative maintenance, inspections, and 500-hour services
- Perform engine, transmission, hydraulic, and major component repairs
- Conduct pre- and post-repair testing to verify equipment performance
- Use OEM diagnostic software (CAT ET, SIS, Cummins INSITE) to identify and resolve faults
- Complete accurate service reports, JSAs, QC documentation, warranty claims, and timesheets
- Support both shop and field service operations while providing exceptional customer service

Qualifications

Required

- Journeyperson Heavy Equipment Technician certification (*Millwright or equivalent experience may also be considered*)
- Strong experience repairing and maintaining frac equipment
- Experience with CAT, Cummins, Detroit and MTU engines
- Experience with TH48 and TH55 transmissions
- Strong hydraulic, diesel, and mechanical diagnostic skills
- Experience using OEM diagnostic software (CAT ET, SIS, Cummins INSITE)

Assets

- CVIP Licence
- Truck and trailer repair experience
- Basic Microsoft Office and Teams experience

Why Collicutt?

At Collicutt, you'll work alongside experienced technicians on challenging equipment while enjoying steady work, flexible schedules, and opportunities to continue developing your technical skills. We take pride in quality workmanship, supporting one another, and creating an environment where great technicians can build long-term careers.
