

JOURNEYPERSON HEAVY EQUIPMENT TECHNICIAN

Monday - Friday

Consistent Schedule. Challenging Work. Build Your Career with Collicutt.

If you're a **Journeyman Heavy Equipment Technician** looking for challenging technical work without giving up a predictable Monday–Friday routine, we'd like to hear from you.

At Collicutt Energy Services, you'll work with a diverse range of engines, equipment, and industrial power systems while enjoying the consistency of a **Monday–Friday schedule**. It's a great fit for technicians who value steady, year-round work, predictable weekdays, and having their evenings and weekends available for life outside of work.

We are currently seeking an experienced **Journeyman Heavy Equipment Technician with a CVIP Licence** to join our Red Deer team.

Why Technicians Choose Collicutt

- ✓ Monday–Friday schedule
- ✓ Predictable workweek with evenings and weekends at home
- ✓ Consistent, year-round work
- ✓ Diverse equipment and engine platforms
- ✓ Strong safety culture
- ✓ RRSP matching program
- ✓ Comprehensive benefits package
- ✓ Training and development opportunities
- ✓ Stable leadership and long-term career growth
- ✓ Team environment where your experience is valued

What You'll Be Working On

This is not a repetitive PM-only position.

Our technicians work on a wide variety of equipment and power systems, including:

- CAT engines
- Cummins engines
- MTU engines
- Bi-fuel systems
- Transmissions
- Hydraulic systems
- Heavy equipment and industrial power systems

Your work will include:

- Diagnostics and troubleshooting
- Repairs and overhauls
- Preventative maintenance
- Failure analysis
- Mechanical inspections
- Equipment commissioning and support

We're looking for technicians who enjoy solving problems, can work independently, and take pride in quality workmanship.

What You'll Bring

Required

- Journeyperson Heavy Equipment Technician certification
- CVIP Licence
- Valid Class 5 Driver's Licence
- Strong diagnostic and troubleshooting abilities
- Commitment to safety and quality workmanship

Preferred

- Experience with CAT, Cummins, MTU, or industrial engine platforms
- Hydraulic troubleshooting experience
- Previous field or industrial service experience

Career Growth Opportunities

We believe in promoting from within whenever possible. Technicians interested in developing their technical or leadership skills may have opportunities to advance into senior technical and lead positions as our organization continues to grow.

Who Succeeds Here

Our strongest technicians are people who:

- Take ownership of their work
- Enjoy troubleshooting complex problems
- Work well independently and as part of a team
- Value the consistency of a predictable work schedule
- Take pride in doing the job right
- Want a stable, long-term career

Not Sure If You Meet Every Requirement?

Great technicians come from a variety of backgrounds. If you have strong heavy equipment, engine, power generation, or hydraulic experience and believe you could be a fit, we encourage you to apply.

About Collicutt Energy Services
